

Profesional skin care
for the most demanding
NATURAL COLLAGEN

AMBER COLLAGEN®

AMBER COLLAGEN®

Dear Customers,

BEST-LIFE BIOTECHNOLOGY is a company which manufactures a professional line of collagen cosmetics based on natural collagen – made of top quality ecological material (skins of freshwater and saltwater fish).

The advantages of products include rich natural ingredients and a unique technology to obtain cold collagen, thanks to which the structure of the fibre remains in the form of a triple helix that most resembles the structure of human protein. The development of know-how enabled us to introduce an exclusive line of cosmetics designed as anti-aging treatment for the skin.

The products are available worldwide under the name of Amber Collagen®

Since 2009, the products have been manufactured by FINEPHARM pharmaceutical company, one of the few companies in Poland involved in biotechnology and in using biotechnological methods on an industrial scale. FINEPHARM is one of the most innovative companies in Poland and manufactures, among others, active pharmaceutical ingredients (API) used by pharmaceutical companies for making medicines.

The cooperation between BEST-LIFE BIOTECHNOLOGY and FINEPHARM enabled to obtain the purest and most temperature - resistant active powder collagen. Implementation of relevant technologies and manufacturing optimisation enabled to obtain the best product available on the market at the lowest price.

We hope our range of products will meet your needs and we will jointly achieve our goals.

Yours faithfully
Renata Firgon
Owner of the Amber Collagen brand

Exclusive Cream

Amber Collagen®

It is a specialistic, odourless cream, suitable for all skin types requiring revitalization. Thanks to its microcrystalline formula the cream absorbs instantly and your complexion becomes smooth and firm.

Extremely effective nursing suitable for skin at every age. Active components: extract from Amber Collagen® a repository of natural marine collagen and elastin, proteins, macro and microelements.

RESULTS:

- revitalises all cell functions,
- deeply moistures and lifts skin,
- protects and strengthens a skin defense system,
- smoothes out wrinkles,
- firms facial features,
- brightens melanoderma,
- ensures instant brightness and vitality,
- inhibits a skin aging process,
- optimals UVA and UVB protection.

Use Amber Collagen® Exclusive Cream
&
see the results after just a few days.

Serum for eyes and lips is a natural cosmetic based on type I collagen extract obtained from skin of sweet and salt water fish. Demonstrates strong lifting and repairing effects. Complete care for every type of skin.

RESULTS:

- binds water and deeply moisturizes the skin,
- tightens the skin after just 5 minutes,
- tightens and smoothens any irregularities,
- rejuvenates and blocks new wrinkles around eyes and lips,
- maintains a good condition of upper eyelid by - preventing its drooping,
- decreases visible eye bags and eye circles.

Eyes and Lips Serum

Amber Collagen®

Cleansing Milk

Amber Collagen®

Gentle emulsion for make-up removal. Its gentle formula makes it suitable for all types of skin, especially sensitive and demanding one. Thanks to carefully selected and exceptionally delicate ingredients, the product is well tolerated by the skin.

ACTIVE INGREDIENTS:

- regenerates, enhances skin elasticity and firmness,
- absorbs excess of sebum and leaves your skin matte,
- supports mineral reconstruction of skin cells,
- it has protective action,
- it prevents the loss of water and slows down the process of ageing of the surface layers of the skin.

Face and Neck Gel supplements collagen deficiency by stimulating the collagen producing cells into renewed activity. This slows the skin ageing process and produces a natural protective layer, which retains water and keeps the skin hydrated. Easy transdermal absorption and optimal effectiveness.

RESULTS:

- immediate lifting effect and reduction of wrinkles,
- thoroughly moisturises and firms,
- regenerates the skin and makes it visibly younger,
- smooths & reduces scars,
- improves skin texture,
- reduces tired look,
- alleviates skin allergies,
- improves acne rosacea and juvenile acne,
- soothes & alleviates sunburn.

Face and Neck Gel

Amber Collagen®

Collagen Body Gel

Amber Collagen®

Gel is made by a highly specialised & unique process from the collagen of both freshwater and seawater fish. Easy transdermal absorption and optimal effectiveness.

RESULTS:

- reduction of cellulite and fat tissue,
- prevention of stretch marks on the tummy before and after pregnancy,
- prevention of varicose veins and subcutaneous bruising,
- deep hydration and excellent toning of skin,
- active regeneration of healthy, revitalised skin,
- stimulation of microcirculation and metabolism within skin and underlying tissues,
- healing effect on hardened and cracked skin of heels, soles and toes of the feet.

Collagen exfoliating for skin cleansing contains amber powder and micronized crushed pearls. Creamy texture of the preparation prevents skin from irritation and dryness. It provides natural skin tone, freshness and radiant look. Regular application allows you to keep your skin healthy and clean.

ACTIVE INGREDIENTS:

- regenerates the skin by penetrating its deep layers,
- prevents wrinkles,
- restores natural pH of the skin,
- absorbs excess of sebum and leaves your skin matte,
- minimalizes the proces of lipid oxidation in the surface layers of the skin,
- provides effective protection, has detoxification effect, reduces Erythema and prevents skin irritation.

Exfoliating cream

Amber Collagen®

Hand Cream

Amber Collagen®

Firming cream, leaves the skin supple.
Moisturises and smoothens.

RESULTS:

- nourishing,
- strengthening,
- regenerating.

Collgreen Forte

Amber Collagen®

An unique and purest complex of lyophilized tropocollagen and guanine (derived from fish).

PROPERTIES OF COLLGREEN FORTE:

- supports skin regeneration from the inside by restoring its smoothness, elasticity and silkiness,
- moisturizes deep layers of the dermis,
- slows down ageing processes in tissues,
- facilitates structural regeneration of connective tissue proper as well as cartilage, bone and eyeball tissue,
- improves the condition of skin, hair and nails,
- supports dieting,
- has protective, antibacterial, bacteriostatic and UV radiation absorbing effects,
- improves skin microcirculation,
- helps eliminate hyperpigmentation of the skin.

This is an unique patented composition, which directly eliminates cause of psoriasis and eczema, restores normal condition of the skin.

It brings spectacular clinical effect after application on lesions.

The only collagen of fish origin is able to penetrate into the human skin and start building into the tissues without losing triple helix structure.

Mixture of three components, i.e., fish collagen in form of gel, jojoba oil and cetyl derivatives, especially eucerin, used in psoriasis and eczema, acts in special manner in order to slow down skin metabolism, and to ensure protection by strengthening and restoring natural structure of the dermis. Moreover, it eliminates pruritus, maintains moisture of the skin and protects against drying.

PROPERTIES:

- natural moisturizing and oiling factor,
- prolongation of asymptomatic period and restoration of normal skin condition,
- elimination of scales,
- smoothing effect on the skin,
- relief of pruritus,
- improvement of skin elasticity and firmness,
- strengthening the skin protective barrier.

IN ADDITION, IT IS USEFUL IN:

- atopic dermatitis,
- prevention against abnormal scar forming,
- skin with cuperosis and spider veins.

BEST-LIFE BIOTECHNOLOGY is the only manufacturer in Poland of the Amber Collagen® line of products.

AMBER COLLAGEN® by BEST-LIFE BIOTECHNOLOGY is:

100% natural and reliable collagen formula without added fragrance or colour in the form of a transdermal gel in which the content of biologically active triple-helical collagen hydrate (as measured by the content of hydroxyproline) is higher than in the most expensive cosmetics available on the market.

AMBER COLLAGEN® range is characterised by:

- physical and chemical stability, biological activity,
- triple-helical hydrate, which maintains its helical structure in a solution,
- slowing down and reversing body ageing processes (including skin),
- tens of beneficial medical effects,
- no allergic reactions, non-irritable, does not cause any side effects.

AMBER COLLAGEN® by BEST-LIFE BIOTECHNOLOGY is 100% natural and unmatched partner in combating ageing processes, which also:

- eliminates body collagen deficit,
- smoothens wrinkles,
- restores face shape,
- smoothens and firms the skin,
- greatly improved the condition of irritated, allergic and inflammation-prone skin,
- ensures amazing effects when applied to the whole body.
